- Our Program Achievements P.3

Welcome to
ConeXión
MSLP

In our effort to stay connected to our alumni we unveil the first issue of ConeXión MSLP, a newsletter that will be sent to you with the latest news from our School, our Profession and also with updates on all of you.

MSLP PROGRAM VISION

To be the first academic choice for students wanting to become Speech Language Pathologist, by providing the best academic and clinical education sustained by the latest technology, materials and knowledge based on evidence.

MSLP PROGRAM MISSION

To prepare well trained professionals in the Speech-Language Pathology field who can deliver excellent clinical services to a variety of populations with ethical and professional practice standards.

The Program is committed to graduate well educated Speech-Language Pathology professionals by promoting in our faculty the development of outstanding academic credentials and innovative teaching strategies. The Program also fosters the development of research in our faculty and in our students.

Universidad del Turabo
School of Health Sciences
Health Professions Department
Speech-Language Pathology Program

MSLP PROGRAM CORE VALUES

Every health professional must develop values that characterized their discipline. We envisioned a set of values that will characterized our administration, faculty members, staff, clinical supervisors, ex-alumni and current students. These core values are:

- Leadership
- Patience
- Sensitivity
- Commitment
- Respect
- Integrity
- Excellence
- Cultural Competence

Focus Areas

Our MSLP Program has seven Focus Areas to include:

1. Admission Process
2. Faculty Development
3. Research
4. Curriculum
5. Clinical Component
6. Community Impact
7. Program Administration

For each of this areas specific measurable indicators of success will be developed. Strategies to accomplish each expected outcome is clearly stated in the Program's Strategic Plan. Each area has one or more expected outcomes. Each Focus area is revised at the end of each academic year. Strengths, limitations, opportunities, and new outcomes will be identified and developed accordingly if needed.

OUR PROGRAM ACHIEVEMENTS

CONGRATS CLASS of 2010!

Prof. Centeno and Dr. Bou both presented their research work at the ASHA Convention in Philadelphia Nov. 2010
